“My son Jeremy has a smile that can light up a room. He also has a witty and hilarious personality to go with it! Jeremy has some obstacles to face in life but meets them with such courage and strength.”

Meet Jeremy:

Dear WVCA Supporter,

Jeremy has cerebral palsy, a visual impairment, a speech disorder, and uses a wheelchair. He attends Wyoming Valley Children's Association (WVCA) five days a week and he absolutely loves it. Jeremy first received therapy services from WVCA through the PA Early Intervention home-based program and then transitioned to WVCA's Preschool and Kindergarten. He just loves seeing his friends, teachers, and therapists and being in a place where he is included.

YOU can help change the lives of local children...just like Jeremy.

As a non-profit organization, WVCA relies on the support of local community members –like YOU– to help fund these life-changing programs.

WVCA has created such a wonderful and accessible learning environment for my son. When it came time for Jeremy to start Preschool, one of my main worries was that he would not be included due to his physical limitations. That was not the case at WVCA. **The staff go above and beyond every day to make sure my son, and every student, is included.** They have adapted equipment for Jeremy to use while in the classroom and out at the playground. It is amazing how creative the staff can be, with limited resources, to ensure that every student has the chance to learn and play.

Jeremy receives many therapy services at WVCA, which I know have attributed to his progress. Jeremy was considered non-verbal when he started at WVCA but now can have a full conversation. His vision, mobility, social skills, and speech have all vastly improved since starting at WVCA. The therapists are always available to discuss any concerns and answer our questions. You can tell that they truly care about their students.

Your support will help give WVCA families, like mine, hope for a brighter tomorrow. As COVID-19 has impacted many facets of our lives, I know this might be a hard time to donate. However, your support, no matter the size, can give local children who are facing formidable challenges...hope. Hope that they can one day talk, play, and grow alongside their peers. Thank you for considering a donation to WVCA despite these difficult circumstances.

Without this school, I can truly say that Jeremy's life would be drastically different. My entire family loves WVCA and will continue to support this wonderful organization for many years to come. Thank you for your continued support and for helping change so many local children's lives through your generosity.
